

Curriculum Vitae  
James A. Trostle

9/2021

Anthropology Department  
Trinity College  
300 Summit Street  
Hartford, CT 06106-3100

Tel: (860) 297-2564 Fax: (860) 297-5358  
E-mail: james.trostle[at]trincoll.edu  
Orcid ID: 0000-0002-6045-9521

## Education

University of California, San Francisco and Berkeley Medical Anthropology Dissertation: <u>Managing Epilepsy: A Community Study of Chronic Illness in Rochester, Minnesota</u>	PhD	1987
School of Public Health, University of California, Berkeley Epidemiology	MPH	1984
Graduate School of Arts and Sciences, Columbia University Applied Anthropology	MA	1980
School of General Studies, Columbia University Anthropology	BA	1979

## Employment

2005-present	Professor of Anthropology, Trinity College, Hartford, CT. 2006-2012, and 2015-18 and Fall 2020, Anthropology Department Chair 2011-2013, Dana Research Professor of Anthropology 2019- Scott M Johnson '97 Distinguished Professor of Anthropology
2015-2020	Profesor Adjunto (Adjunct Professor), School of Public Health, Faculty of Medicine, University of Chile.
2002-5	Director of Urban Initiatives and Faculty Coordinator, Community Learning Initiative, Trinity College.
2001-3	Investigador Titular "C" (Research Professor) National Institute of Public Health, Cuernavaca, Mexico.
1998-05	Associate Professor of Anthropology, Trinity College.
1995-98	Founding Director, Five College Program in Culture, Health, and Science, and Five College Assistant Professor of Anthropology, based at Mount Holyoke College.
1988-95	Senior Social Scientist, Applied Diarrheal Disease Research Project, Harvard Institute for International Development. Technical assistance to projects in Peru, Ecuador, Mexico, Kenya, Nigeria, Indonesia, Pakistan, and Thailand.

- 1988-95 Research Associate, Harvard Institute for International Development. Proposal writing and research. From 1990-93, in Mexico and Malawi, developed a needs and community resource assessment for the WHO Global Programme on AIDS.
- 1993-94 Co-Coordinator, HIID Health Group.
- 1989-91 Lecturer, Department of Population Sciences, Harvard School of Public Health.
- 1988-89 Postdoctoral Fellow, Sergievsky Center, College of Physicians and Surgeons, Columbia University.
- 1987-89 Visiting Scientist, Clinical Epidemiology Section, Department of Health Sciences Research, Mayo Clinic, Rochester, Minnesota.
- 1987-88 Postdoctoral Fellow, Epidemiology Program, School of Public Health, U.C. Berkeley.
- 1980-81 Research Associate, Sergievsky Center, College of Physicians and Surgeons, Columbia University.

### Major funded proposals since 1990

National Institutes of Health. Zika and Dengue Co-circulation under Environmental Change and Urbanization. Co-author and Principal Investigator on subcontract to the University of Michigan, 2017-22. \$264,829 (Total Project Budget: \$2,500,000)

National Science Foundation. Water Sustainability and Climate Program. "Analytical methods for estimating the joint climatological-social drivers of water quality and supply in contrasting tropical zones: Ecuador & China." Co-author and Principal Investigator on subcontract to Emory University, 2014-2019. \$281,295 (Total Project budget: \$3,391,534)

National Institutes of Health, Institute of Allergies and Infectious Diseases. "Environmental change and diarrheal diseases: A natural experiment." Co-author and Principal Investigator on subcontract to U Michigan 2008-2014. \$260,000. (Total project budget: \$3,197,000)

National Science Foundation, Ecology of Infectious Diseases Program. "Collaborative Research: Agricultural Antibiotics and Human Health: A Multiscale Ecological Approach to the Development and Spread of Antibiotic Resistance." Principal Investigator, 2008-2012. \$184,000 (Total project budget: \$2,488,000)

National Institutes of Health, Institute of Allergies and Infectious Diseases. "Environmental change and diarrheal diseases: A natural experiment." Co-author and Principal Investigator on subcontract to U. Michigan 2003-2008. \$259,000 (Total project budget: \$2,778,000)

Kellogg Foundation. "Sustaining a Liberal Arts College in its Urban Context" 2003-2004. \$1,610,000. Primary author and Project Director.

Atlantic Philanthropies. "Children, Health and Education: The Contributions of Engaged Learning in an Inner City Community." 2003-2004 \$250,000. Primary author and Project Director.

Ford Foundation, Population Council, Pan American Health Organization, USAID, and Mexico Ministry of Health. "Linking Research to Decision Making: Case Studies of Family Planning, AIDS, Immunization, and Cholera Policies in Mexico." 1994-95. \$52,000 Co-author and co-principal investigator.

World Health Organization Global Programme on AIDS. "Development and testing of a manual of group interview techniques for people with AIDS." 1990-1992. \$120,000 Primary author and Principal Investigator.

USAID, S&T/Health. "Applied Diarrheal Disease Research Project, Proposal for Follow-on Activities." 1992-1996. \$5,500,000 Primary author.

## Publications

### I. Manuscripts:

*In Process* ST Hegde, **JA Trostle**, B Mukherjee, JNS Eisenberg.  
The importance of community during rapid development: Multifactorial effects of sociality on acute gastrointestinal illness in rural Ecuadorian communities.

### II. Books:

2005 Epidemiology and Culture. Cambridge University Press. (Translated and published in *Chinese* by ShanDong Pictorial Publishing House, 2008; in *Japanese* by Medical Sciences International, 2012; and in *Portuguese* by FioCruz Press, 2013.)

2000 M. Bronfman, A. Langer, and J. **Trostle**. De la Investigación en Salud a las Políticas: la Difícil Traducción. (From Health Research to Policy: The Difficult Translation.) Mexico City: Manual Moderno and the Instituto Nacional de Salud Pública, 178 pp.

### III. Articles in peer-reviewed journals:

2021 GO Lee, I Vasco, S Márquez, JC Zuniga-Moya, A Van Engen, J Uruchima, K Peterman, P Ponce, W Cevallos, G Trueba, J Trostle, VJ Berrocal, A Morrison, V Cevallos, C Mena, J Coloma, JNS Eisenberg et al. (2021) A dengue outbreak in a rural community in Northern Coastal Ecuador: An analysis using unmanned aerial vehicle mapping. *PLoS Negl Trop Dis* 15(9): e0009679. <https://doi.org/10.1371/journal.pntd.0009679>

2021 Hedman HD, Zhang L, Butt B, Papias P, **Trostle JA**, Eisenberg JNS. "Chicken dumping": Motivations and perceptions in shifting poultry production practices. One Health. 2021 Dec 1;13:100296.

2019 ST Cherng/I Cangemi, **JA Trostle**, JV Remais, JNS Eisenberg. Social cohesion and passive adaptation in relation to climate change and disease. Global Environmental Change. 58 doi: 10.1016/j.gloenvcha.2019.101960.

- 2019 PA Collender, C Morris, R Glenn-Finer, A Acevedo, HH Chang, **JA Trostle**, JNS Eisenberg, JV Remais. "Mass gatherings and diarrheal disease transmission among rural communities in coastal Ecuador." Am J Epidemiol. doi: 10.1093/aje/k wz102. [Epub ahead of print]
