PUBLICATIONS

Work in Progress

Eastern Circle

My literary nonfiction manuscript draws on personal and social history to reveal the lasting impact of the illegal drug trade on families and communities. It interrogates the underlying causes of the trade and how racial segregation, the loss of manufacturing in the United States, and the global drug trade ushered in a crisis. The personal narrative brings readers close to the human costs of the epidemic and highlights what is happening to scores of families across the nation.

Proposal on Submission to Literary Agents, Multiple Requests for Proposal
